Hi again,

Apologies for confusion.  
I'm told if you can use the last map from yesterday (so yellow back in at expressway and red line too but remove the two x's for industrial and northwood and put some small yellow on those roads just east and west of huron (like a cross) and keep your new wording in the box we should be good. Main thing they're trying to convey is that you can now cross east and west.

Make sense?

They mention southbound traffic being open to anyone.. To me, that means take the yellow off south of that intersection. But I can easily revert back. Can you share what I sent to see? I can have it back to what it was quickly.

**Subject:** RE: Map

I think they just want the x's off there so traffic can cross. Right?

Jason – do you know if they want the yellow removed south of Industrial/Northwood? Is that what they're asking for?

The yellow would just be Huron Church from Industrial to Patricia?

Hello Friends,

Below is the latest map requests.  
Do they make sense to you?

Thanks for your on-going help on this.

J

Can we adjust the map to open Industrial and Northwood for East and West traffic? Can you put a box at the area saying Northbound Traffic from this Intersection is for U.S. bound traffic only. Southbound Traffic open for all traffic. Something to that effect. Also, someone mentioned that Dorchester Road doesn't have an X.

Thank you!!!
